

CONTINUING COMPETENCY ASSESSMENT

NCC Core Maintenance Program

EDUCATION PLAN EXAMPLES

CORE COMPETENCY AREA	YOUR SPECIALTY INDEX	CE HOURS REQUIRED
Maternal/Neonatal Factors Affecting Outcomes (Code 1)	5.71	5 hours
Postpartum Assessment and Management (Code 2)	7.66	Standard met
Newborn (Code 3)	10	20 hours
Pharmacology (Code 4)	10	Standard met

Your education plan

CORE COMPETENCY AREA	CE HOURS
Maternal/Neonatal Factors Affecting Outcomes (Code 1) Missed keywords: Antepartum Factors, Intrapartum Factors Maternal/Neonatal Factors Affecting Outcomes (Code 1) Assessment modules +	5 hours
Newborn (Code 3) Missed keywords: Newborn Complications, Newborn Management and Family Education, Transition of Care Newborn (Code 3) Assessment modules +	20 hours
15 Continuing Education hours in any of your content specific specialty areas	15 hours
Credit for taking this assessment (may be applied to your total required hours)	-5 hours
Total hours required	35 hours

Sample plans for each core certification can be found within this guide

© 2025 National Certification Corporation (NCC) All Rights Reserved.

The Education Plan is **BINDING** and must be followed to maintain your NCC certification.

Breakdown of the CCA results

The Specialty Index Report contains the ratings for each core competency area within a specialty. Each core content area relates to a code for required CE.

The specialty index report is not based upon a grading system but uses mathematical calculations to provide a scaled 1-10 conversion based upon the type and amount of content within each core specialty's competency content area.

Core competency areas with ratings of less than 7.5 (shown on the report in red type) indicate the need for continuing education in those competency categories to meet your maintenance needs. A specialty index rating of 7.5 or better achieved in any core competency area will satisfy the maintenance needs for the specific specialty area during that maintenance cycle.

The Education Plan will identify those specialty competency areas upon which continuing education should focus.

Core competency areas with ratings of less than 7.5 (shown on the report in red type) will generate a CE amount for that specific competency area (Code). Each certified nurse will need to earn CE to meet those specific content hours for the specified code in the education plan.

Core competency areas ratings of 7.5 or higher have been determined to "meet the standard" and no continuing education needs to be earned for those particular specialty competency categories.

In many cases, the education plan will have a baseline requirement for CE in any topics within the specialty. This baseline reflects weighting that adjusts based on the individual's specialty index ratings within the content categories of their certification specialty. Baseline requirement for CE can be in any code that meets that specialties core competency. See the detailed Continuing Competency Assessment brochure for complete details.

The 5 hours of CE awarded by NCC for completion of the assessment tool is deducted from the CE hour total. You can count that 5 hours awarded by NCC toward any education plan CE need.

Missed Keywords are generated for core competency areas with ratings of 7.5 or less. They are intended to show what specific topics had a knowledge gap on the assessment tool. Missed Keywords are an excellent way to provide some guidance for continuing education topics. They are broad in scope and you are not required to cover all keywords or topics for your NCC certification maintenance.

The education plan also provides links to NCC CE modules that meet the education plan's requirements. *There is no requirement to use NCC CE modules, the links are provided as a convenience.*

RNC-IAP Core Competency Area

Maternal and Fetal Physiology and Assessment (Code 1)

*15 hours

Maternal Physiology and Assessment

- Physiology of Pregnancy
- Maternal assessment and diagnostic testing
- Psychosocial Health (e.g., mental, emotions, environments, cultural)

Fetal Physiology and Assessment

- Fetal Physiology
- Antenatal testing (e.g., ultrasound, amniocentesis)
- Electronic Fetal Monitoring

Obstetric and Medical Complications in Pregnancy (Code 2)

*25 hours

Obstetric Complications

- Hypertensive Disorders
- Gestational Diabetes
- Fetal Complications (e.g., multiple gestation, fetal anomaly, fetal demise)
- Uterine, placental and amniotic fluid disorders
- Obstetric emergencies (e.g., trauma, birth, maternal collapse)

Medical Complications in Pregnancy

- Cardiovascular and Respiratory Disorders
- Hematologic and Thromboembolic Disorders
- Infectious Disease
- Metabolic, Endocrine and Autoimmune Disorders
- Neurological Disorders
- Renal and Hepatic Disorders

Your Education Plan

CORE COMPETENCY AREA	HOURS REQUIRED*	HOURS ENTERED	REQUIREMENTS MET
Maternal and Fetal Physiology and Assessment (Code 1)	10.00	0.00	
Obstetric and Medical Complications in Pregnancy (Code 2)	10.00	0.00	
Pharmacology (Code 3)	0.00	0.00	✓
Professional Practice (Code 4)	0.00	0.00	✓
Baseline Hours	15.00	0.00	
Total Hours	35.00 hours	0.00 hours	

Assessment Summary & Resources

CORE COMPETENCY AREA	SPECIALTY INDEX	MISSED KEYWORDS	CE MODULES
Maternal and Fetal Physiology and Assessment (Code 1)	7.20	Acid-base/electrolytes, Microbiologic studies, Amniotic fluid analysis	view available modules
Obstetric and Medical Complications in Pregnancy (Code 2)	6.28	Placental Disorders, Multiple Gestation, Infectious Disease, Autoimmune Disorders	view available modules
Pharmacology (Code 3)	8.75	Quality Improvement	view available modules
Professional Practice (Code 4)	10.00	Ethics	view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Pharmacology (Code 3)

*5 hours

Pharmacology

- Pharmacodynamics and Pharmacokinetics
- Pharmacotherapeutics (e.g. medication, fluids, blood component product)

Professional Practice (Code 4)

*5 hours

- Professional Practice Standards
- Legal Issues
- Ethical Principles and Theories
- Quality Improvement
- Patient Safety

RNC-OB® Core Competency Area

Fetal Assessment (Code 1)

*10 hours

- Antepartum Testing
- Electronic Fetal Monitoring
- Non-Electronic Fetal Monitoring
- Acid-base Interpretation

Labor and Birth (Code 2)

*15 hours

- Physiology of Labor
- Assessment and Management of Labor
- Obstetrical and Perioperative Procedures
- Pain Management and Coping
- Labor Complications
- Induction and Augmentation

Pregnancy and Obstetric Complications (Code 3)

*10 hours

Pregnancy Complications

- Maternal/Birthing Person Complications Affecting the Fetus and Newborn
- Maternal/Birthing Person Psychosocial and Environmental Risks

Obstetric Complications

- Preterm Labor
- Multiple Gestation
- Placental Disorders

Postpartum (Code 4)

*5 hours

- Recovery and Postpartum Physiology and Complications
- Family Dynamics and Discharge Readiness
- Lactation

Your Education Plan

Newborn (Code 5)	8.75	Newborn Complications	view available modules
Professional Issues (Code 6)	10.00	Ethics	view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Newborn (Code 5)

*5 hours

- Adaptation to Extrauterine Life
- Assessment
- Resuscitation and Stabilization
- Complications (initial assessment/nursing interventions)
- Infant Nutrition

Professional Practice (Code 6)

*5 hours

Quality and Safety

- Definitions
- Application to Practice

Legal/Ethical Issues

- Definitions
- Application to Practice

RNC-LRN® Core Competency Area

Mother/Fetus (Code 1)

*5 hours

- Maternal Risk Factors and Birth History
- Assessment and Evaluation of the Intrauterine Environment
- Maternal Factors and Complications Affecting the Newborn

Physical Assessment and General Management (Code 2)

*15 hours

- Physical and Gestational Ages Assessment
- Laboratory and Diagnostic Data
- Resuscitation and Stabilization
- Nutrition and Feeding
- Fluid, Electrolytes and Glucose Homeostasis
- Oxygen, Non-Invasive Ventilation and Acid-Base Balance
- Thermoregulation
- Neurodevelopmental Care
- Infection and Immunology
- Behavioral and Developmental Care
- Psychosocial Support, Grieving and Discharge Planning

Your Education Plan

CORE COMPETENCY AREA	HOURS REQUIRED*	HOURS ENTERED	REQUIREMENTS MET
Mother/Fetus (Code 1)	0.00	0.00	✓

CORE COMPETENCY AREA	SPECIALTY INDEX	MISSED KEYWORDS	CE MODULES
Mother/Fetus (Code 1)	8.95	Assessment of Intrauterine Environment	view available modules
Physical Assessment and General Management (Code 2)	7.14	Nutrition and Feeding, Thermoregulation, Breastfeeding, Discharge Planning, Neurodevelopment Care	view available modules
Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3)	8.00	Neurological, immunology, Respiratory	view available modules
Pharmacology, Pharmacokinetics and Pharmacodynamics (Code 4)	8.33	Patient Safety	view available modules
Professional Practice (Code 5)	6.00		view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3)

*20 hours

- Cardiovascular
- Respiratory
- Gastrointestinal and Genitourinary
- Musculoskeletal and Integumentary
- Neurological
- Hematology
- Immunology
- Genetics, Metabolic and Endocrine
- Renal

Pharmacology, Pharmacokinetics and Pharmacodynamics (Code 4)

*5 hours

- Drug Therapies
- Pain Management

Professional Practice (Code 5)

*5 hours

- Patient Safety
- Ethical Principles and Theories
- Legal Issues
- Professional Practice Standards
- Quality Improvement

RNC-MNN®

Core Competency Area

Pregnancy, Birth Risk Factors and Complications (Code 1)

*5 hours

- Antenatal Factors
- Intrapartal Factors

Postpartum Assessment, Management and Complications (Code 2)

*20 hours

- Physiological Changes and Physical Assessment (including lab values)
- Nursing Care
- Psychosocial and Ethical Issues
- Lactation, Newborn Feeding and Nutrition
- Hematologic
- Cardiopulmonary
- Infection
- Diabetes Postpartum/ Post-Op Care
- Psychological Conditions and Substance Use Disorders

Your Education Plan

Assessment Summary & Resources

CORE COMPETENCY AREA	SPECIALTY INDEX	MISSED KEYWORDS	CE MODULES
Pregnancy, Birth Risk Factors and Complications (Code 1)	6.67	Antepartal Factors, Intrapartal Factors	view available modules
Postpartum Assessment, Management and Complications (Code 2)	8.28	Postpartum Complications, Postoperative Care	view available modules
Newborn Assessment, Management and Complications (Code 3)	7.69	Systems Review, Thermoregulation	view available modules
Professional Practice (Code 4)	4.00	Patient Safety, Ethical Principles and Theories	view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Newborn Assessment, Management and Complications (Code 3)

*20 hours

- Transition to Extrauterine Life
- Physical and Gestational Age Assessment (including lab values)
- Newborn Care and Family Education
- Resuscitation and Stabilization
- Cardiovascular and Respiratory
- Neurological and Gastrointestinal
- Hematologic
- Infectious Disease
- Genetic, Metabolic and Endocrine
- Thermoregulation
- Neurobehavioral Assessment

Professional Practice (Code 4)

*5 hours

- Patient Safety
- Ethical Principles and Theories
- Legal Issues Affecting Maternal Newborn Nursing
- Professional Practice Standards
- Research

RNC-NIC® Core Competency Area

General Assessment and Management (Code 1)

*15 hours

- Physical and Gestational Age Assessment
- Maternal Risk Factors and Birth History
- Thermoregulation and Integumentary
- Fluids and Electrolytes and Glucose Homeostasis
- Nutrition and Feeding
- Resuscitation and Stabilization
- Oxygenation, Ventilation and Acid Base Homeostasis
- Neuroprotective and Neurodevelopment Care

Physiology and Pathophysiology (Code 2)

*20 hours

Physiology and Pathophysiology

- Cardiovascular
- Respiratory
- Gastrointestinal/Genitourinary
- Hematopoietic
- Neurologic/Neuromuscular/ Musculoskeletal
- Infectious Diseases
- Genetics, Metabolic, Endocrine
- Head, Ears, Eyes, Nose and Throat
- Infection and Immunology

Assess & Manage Psychosocial Behavioral States

- Discharge Planning
- Grieving Process
- Family-centered Care
- Palliative Care
- Mental Health

Your Education Plan

Assessment Summary & Resources

CORE COMPETENCY AREA	SPECIALTY INDEX	MISSED KEYWORDS	CE MODULES
General and Management Assessment (Code 1)	7.63	Developmental Care, Oxygenation Disturbance, Fluid and Electrolyte Management	view available modules
Physiology and Pathophysiology (Code 2)	6.45	Hematopoietic, Cardiac Diseases, Genitourinary, GI, Infectious Diseases, Metabolic, Genetics, Discharge Planning	view available modules
Pharmacology, Pharmacokinetics and Pharmacodynamics (Code 3)	8.33	Pharmacologic Principles	view available modules
Professional Practice (Code 4)	8.33	Legal Issues	view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Pharmacology, Pharmacokinetics and Pharmacodynamics (Code 3)

*10 hours

- Pharmacology, Pharmacokinetics, Pharmacodynamics

Professional Practice (Code 4)

*5 hours

Patient Safety

- Interprofessional Communication
- Medication Error Prevention
- System Error Prevention

Ethical Principles and Theories

Legal Issues Affecting Neonatal Care Nursing

- Scope of Practice
- Impaired Nurse
- Legal Terms
- Informed Consent

Professional Practice Standards

- Evidence based practice

NNP-BC® Core Competency Area

General/Physical Assessment (Code 1)

*5 hours

- Maternal History Affecting the Newborn
- Neonatal
- Family Integration
- Discharge Preparation and Follow-up Care

Embryology, Physiology, Pathophysiology and Systems Management (Code 2)

*20 hours

Disease Management

- Cardiac
- Respiratory
- Gastrointestinal (GI)
- Renal/Genitourinary
- Hematopoietic
- Neurological
- Infectious diseases
- Metabolic/Endocrine
- Musculoskeletal
- Integumentary
- Genetics
- Ears, Eyes, Nose, and Throat

General Management (Code 3)

*10 hours

- Fluids and Electrolytes
- Growth and Nutrition
- Thermoregulation
- Resuscitation and Stabilization

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Pharmacology (Code 4)

*10 hours

- Common Drug Therapies
- Pharmacokinetics and Pharmacodynamics

Professional Practice (Code 5)

*5 hours

- Patient Safety
- Ethical Principles and Theories
- Legal Issues Affecting Neonatal Intensive Care Nursing
- Quality Improvement

WHNP-BC® Core Competency Area

Normal Physiology and Wellness Management (Code 1)

*10 hours

- Health Promotion and Patient Counseling, Health Screening and Education
- Gynecologic - Normal
- Fertility Control
- Anatomy and Physiology of Pregnancy
- Prenatal Care
- Assessment of Fetal Wellbeing
- Postpartum
- Menopause

Gynecology Disorders, Obstetric Complications and Primary Care Management (Code 2)

*20 hours

Feedback in the specific pathophysiologic areas of gynecology, reproductive health care and obstetrics will be provided in your Education Plan.

Gynecologic Disorders /Deviations

- Menstrual Disorders
- STDs and Vaginal Infections (female/male)
- Urinary Tract Infections
- Pelvic Pain and Related Disorders
- Infertility (female/male)
- Benign Reproductive Disorders
- Malignant Reproductive Disorders
- Breast Disorders
- Pelvic Organ Relaxation and Prolapse
- Polycystic Ovarian Syndrome
- Vulvar Dystrophies and Dermatoses
- Male Sexual Reproductive Health

Complications of Pregnancy

- Medical and Placental Complications of Pregnancy
- Placental Abnormalities
- Pregnancy Specific Conditions

Your Education Plan

Pharmacology (Code 4)	6.92	Drug Therapy	view available modules
Professional Practice (Code 5)	4.00	Patient Safety, Ethical/Legal Issues	view available modules

*Number of CE hours required if you do not achieve a specialty index of 7.5 or more in the content area.

Pathophysiology Primary Care

- Recognition, Basic Management and/or Referral of Common Health Problems
- Disorders by Physiologic System of Common Health Problems

Assessment, Diagnostic Testing and Interpretation (Code 3)

*5 hours

Health History

- Risk Assessment
- Medical History
- Social History
- Family History

Physical Assessment and Examination

- General Body System Review
- Physiology and Anatomy of Reproductive Organs
- Pelvic Exam
- Breast Exam
- Obstetric Exam

Diagnostic Tests and Studies

- Hematologic Studies
- Serologic Studies
- Kidney Function Studies
- Lipid Profile
- Body Fluids and Excretion Analyses
- Endoscopic Procedures
- Imaging Studies
- Biopsies
- Genetic Screening and Testing
- Fetal Assessment

Pharmacology (Code 4)

*10 hours

- Pharmacokinetics and Pharmacodynamics
- Pharmacotherapeutics

Professional Practice (Code 5)

*5 hours

Quality Improvement Legal/Ethical Issues

- Informed Consent
- Patient Confidentiality
- Risk Management
- Scope of Practice
- Ethical Principles

Patient Safety

- Interprofessional Communication
- Medication Errors
- Preventive Strategies to Reduce Medical Errors
- Documentation

NCC Maintenance Application

How do I complete it?

- All certification maintenance applications must be filed online.
- Your education plan is recapped in your online maintenance application.
- You may access your online maintenance application any time after you take your assessment and keep track of your earned CE credits by saving them to the application.
- As you add CE in the required certification core competency areas, the plan, within the maintenance application, will be populated with the entered hours (e.g. if you take a course in Continuing Competency for 2 hours, when you enter that activity, the 0 hours in Professional Practice will be updated to 2 hours.)
- You may use your maintenance application to see the required CE in your education plan and the CE entered either by taking a NCC module or putting in CE earned from other sources. The maintenance application can be found under the “Maintenance” tab when you click on “Add, track or submit your CE”. You can enter your maintenance application any time during your maintenance cycle.
- The 5 CE hours earned for completing the CCA is automatically entered into the application once all except the last 5 hours of required CE is earned.
- Completed NCC continuing education modules will be coded and entered into the application automatically.
- Once your Education Plan is completely populated within your maintenance application, you will see a note at the bottom of the CE page to continue to the payment section.

PLEASE NOTE: For those who maintain their maintenance early, the CCA is available three months prior to the start of your cycle. So if you are planning to take education and in the first weeks of your cycle, you can take the assessment “early” to determine if any the planned education is applicable.

REMEMBER: CE can only be earned during your current cycle, so even if take the assessment early – CE can only be earned once your new cycle starts.

Any CE hours you have earned from NCC CE modules are included in the list below. If you have earned other CE hours, you will need to add them to the list below by completing the requested information.

List the date, name, CE hours, and sponsoring/ accrediting organization for CE activities you are using to maintain your certification according to your education plan.

You do not need to submit copies of your CE certificates. However, it is important to save the CE certificate and a description of the CE offering in case of audit.

Maintenance application
